Be on the Lookout!

The Virginia Distribution Center (VDC) is dedicated to providing our customers with the highest quality services and products at the lowest prices to enable all facilities of the Commonwealth to meet the needs of their operations in an efficient and cost effective manner.

The VDC conducts an annual **Market Basket Survey** to satisfy a JLARC audit requirement and provide our staff with important information to improve processes, investigate pricing discrepancies, and maintain and continue to improve customer satisfaction. We use this to guide our procurement section when conducting vendor negotiation and to measure the effectiveness of the VDC program. This year's survey will be distributed the last week in March. Please click **below** if you do not receive a survey and would like to complete one.

Thank you for your prompt response and support of the Virginia Distribution Center. Your participation in this effort is greatly appreciated and assists us in accomplishing our mission!
